

# Zoo Academy

## Jr. Zoo Crew Schedule

Join our Jr. Zoo Crew classes and experience the Zoo like never before! Class curriculums are presented in a fun, engaging, and educational way with many hands-on lessons that meet national educational standards. Classes are structured to guide parent educators and students through exciting lessons and activities in a very interactive way. Every class will focus on a particular topic and feature both special animal encounters and a guided Zoo excursion!

Online Registration  
Begins December 7!

### January Module: *Kingdoms of Life*

Come learn about four kingdoms of life! Explore the basics of bacteria, the funky side of fungus, the plunging lives of plants, and all about the amazing animal kingdom!
